

Safety TIPS

Your Safety is the utmost importance to us!
Please consider the following to ensure your safety during the sleep:

1 Avoid bringing valuables

As lockers are not provided, you are not encouraged to bring any unnecessary valuables (e.g. jewelry, large amount of cash etc) with you. Otherwise, consider having a simple lock to lock your bags.

P.S. Yes, this is one of the many challenges our rough sleepers friend faced too.

2 Be familiar with the event venue

Attend our **Introduction and Safety Briefing** session to ensure that you are familiar with the venue and where the respective support stations (e.g. First-Aid, Info counter, Evacuation Assembly Points etc) are located. If you are unable to attend the session, please read the map in the participants guide and familiarise yourselves with the venue.

3 Designated area for females sleepers

For ladies, if you are attending the event alone, feel free to approach any of our staff to get a space at the Female-Only Zone. Please note that this is only on first-come-first-served basis and there is limited slot. If you have any concerns, please approach any of our staff or volunteers.

P.S. Another challenge that some females rough sleepers face too - sleeping alone in a secluded area, or among other strangers.
